Partnering for success

“Moving to TechnologyOne’s enterprise SaaS has given us a more robust platform and allowed us to deliver a cloud-first, mobile-first experience.”

Simplify the complex

Changing expectations, global competition and an increased focus on the staff and student experience are driving higher education and vocational institutions to replace their ageing legacy systems.

To support this business transformation, it's critical to have the right Enterprise Resource Planning (ERP) capabilities in place.

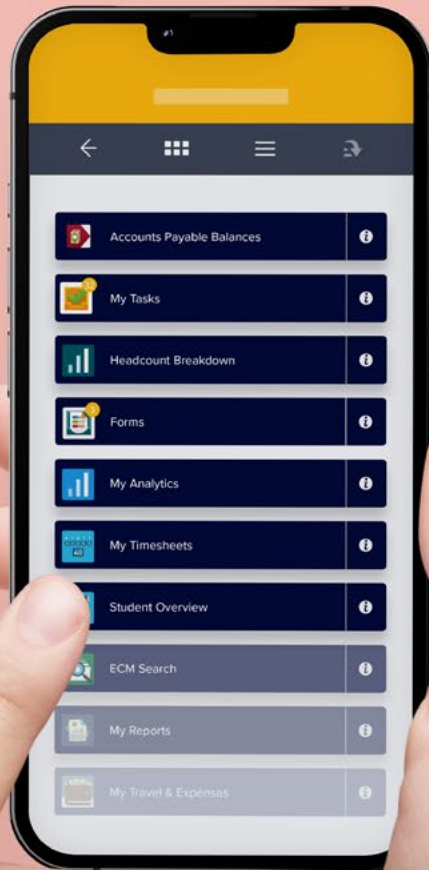

Adapt to the changing landscape

TechnologyOne's OneEducation SaaS ERP solution underpins the operational and strategic requirements of educational institutions with a single, integrated enterprise solution.

Leveraging more than 30 years' experience working with leading education providers across Australia, New Zealand and the

United Kingdom, TechnologyOne is best placed to help institutions adapt to the changing landscape and reduce the administrative burden.

Our global SaaS ERP solution reduces implementation time, cost and risk; and introduces essential anywhere, anytime access to staff and students.

Experience the OneEducation advantage

Manage your institution's critical information with confidence, so you can focus on driving student success.

A solution built for students and educators

A proven practice solution that's specifically designed for education to reduce implementation time, cost and risk.

Intuitive, engaging software

Provide intuitive self-service access for staff and students.

Secure, reliable and scalable

Guarantee the privacy of your data by partnering with Australia's most trusted SaaS ERP provider.

Take a closer look at OneEducation

Over 1.5 million students across 150 institutions are supported by TechnologyOne software.

Our global SaaS ERP solution supports the day-to-day operational, strategic and educational requirements of institutions in a single integrated solution.

ONEEDUCATION

Student management

Course structure and planning

Design, develop, approve and circulate academic programs and curriculum proposals.

Student administration

Centralise all contact data and interactions and immediately process student information, queries and payments.

Student engagement and progressions

Monitor student performance, examinations and progressions.

Graduations

Facilitate graduations and completions.

Government compliance

Manage all regulatory and government compliance requirements and reporting.

Scholarships, prizes and rewards

Manage, administer and bestow rewards, prizes, scholarships, gifts and bursaries.

Student case management

Track support interactions with students to facilitate intervention and case management.

Integration

Enable seamless integration with timetabling, learning management systems and library services.

ONEEDUCATION

Timetabling and scheduling

Timetabler

Plan the teaching timetable for your institution - what is being offered to students, what needs to be kept clash free, what are the delivery requirements in terms of how many teaching activities are required, what size / kind of room, who can deliver the teaching).

Resource Booker

Manage your people, places and things effectively across multiple faculties and sites. Resource Booker empowers students and staff to make and manage their own room and resource bookings, reducing the burden on your institution.

Exam Scheduler

An easy-to-use graphical scheduling tool that can enhance the student experience through balanced exam timetables, optimised room use across multiple campuses, and considers time constraints of staff and invigilators.

Publish

Allow students and teachers to see a full timetable view. Authorisation determines the level of detail available or from fully personalised to generic timetables for each room, module, programme.

ONEEDUCATION

Recruitment and engagement

Enquiries and application assessment

Deliver timely responses to prospective students with intuitive self-service enquiry forms. Automate workflow for enquiries and application assessment, with multi-channel support for domestic, international, undergraduate and post-graduate students.

Offers

Automate the generation and delivery of offers for faster, more efficient admission processing.

Agents

Engage with agents and other third parties with real-time, online self-service.

ONEEDUCATION

Financial management

General ledger

Track, analyse and report up-to-date financial information from across the organisation with a flexible, integrated multi-ledger and multi-chart of accounts.

Budgeting and forecasting

Deliver unified and integrated driver-based budgeting and forecasting that links to the strategic goals of your institution.

Expense management

Take control of spend, automate expense management and ensure greater policy compliance.

Asset accounting

From acquisition and depreciation to revaluation and disposal, accurately capture, track and report on the lifecycle costs and valuations of your fixed assets.

Project accounting

Manage accurate project budgets and billing throughout project lifecycles and easily review financial performance for any single project.

Payroll processing

Reduce the time and risk involved in payroll processing by automating the entire process with an integrated payroll solution that complies with all current legislated reporting requirements in Australia, New Zealand, United Kingdom and Papua New Guinea.

Grants management

Manage every step in the grants process, from sourcing to reporting, and provide visibility across your entire grants portfolio, whether it be acquiring grants or distributing grant funds.

ONEEDUCATION

Procurement and inventory management

Contract and contractor management

Manage the full contract lifecycle and collaborate with suppliers while strengthening compliance and reducing risk. Keep supplier information and contracts accurate and produce detailed contract KPI and financial reports. Support for all types of contracts including materials, services and construction, both lump sum and schedule of rates.

Source to contract

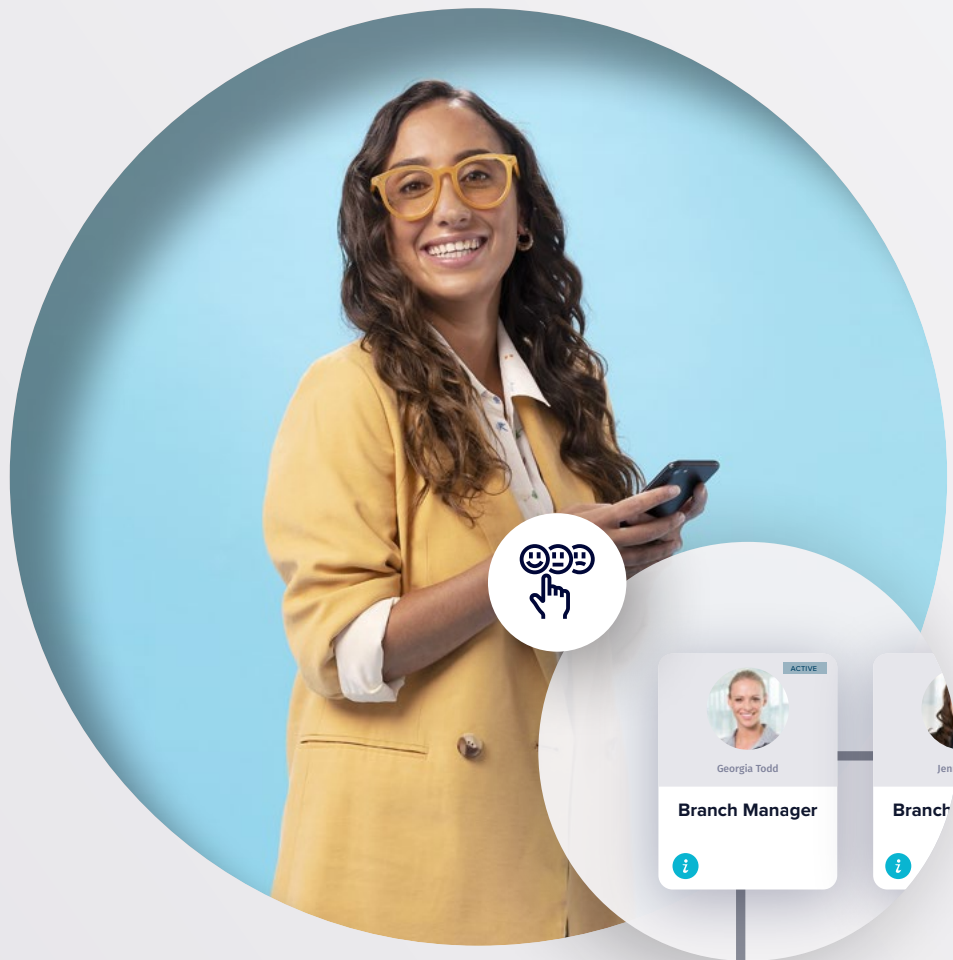

Identify, evaluate and engage suppliers for all your institution's procurement needs with comprehensive RFx management tools for highly configurable approaches to market.

Procure to pay

Streamline the entire procure-to-pay process by automating requisitioning, authorise, purchasing, receiving and payment processing.

Inventory management

Accurately track and manage your inventory with automated order processing and replenishment and support for multi-location inventory management.

ONEEDUCATION

Human resource management

Organisation management

Optimise workforce planning with visual tools and embedded analytics that provide actionable insights into your current workforce. Identify critical gaps and develop workforce strategies that align with and support your institution's strategic plan.

Employee lifecycle management

Manage the entire employee lifecycle from headcount and cost budgeting and approval through recruitment, onboarding, performance management, learning and succession.

Learning and training

Manage every aspect of your organisation's learning and development programs and easily tailor training plans to each employee's career development and succession plans.

Workforce management

Support a modern workforce and manage all aspects of employment including positions, time and attendance, leave and pay.

ONEEDUCATION

Project lifecycle management

Budget bid submission

Capture budget bid submissions and take initiatives through rigorous investment selection, scoring, ranking and prioritisation to realise project goals.

Investment prioritisation and optimisation

Prioritise project and capital work candidates and optimise budgeting and sources of funding options for a range of long-term financial scenarios.

Project delivery

Develop and maintain project and program plans, and work breakdown structures within an interactive Gantt chart.

Portfolio, programme and project management

Manage whole-of-life portfolio, programme and project processes with a global methodology-based solution. Adopt best practice guidelines including PRINCE2, PMBOK, MoP and MSP to ensure successful project delivery.

Project cashflow and forecast management

Manage projects to budget, track costs and expenses in real-time, and ensure robust cost controls are in place to avoid budget overruns.

ONE EDUCATION

Property and campus services

IIMM and ISO55000

Align with industry best practices including IIMM and ISO 55000x by optimising the lifecycle performance of assets in a single, integrated solution.

Facilities management

Manage the performance of your facilities with full visibility into cost, utilisation and performance of all assets.

Prediction modelling based on condition, capacity and functionality

Understand the lifecycle costs of your facilities, including renewal, maintenance, upgrade and operating costs.

Work management

Manage all types of work, including planned inspections and scheduled maintenance as well as reactive work, defect management, and optimise work scheduling and utilisation.

ISO31000 risk management

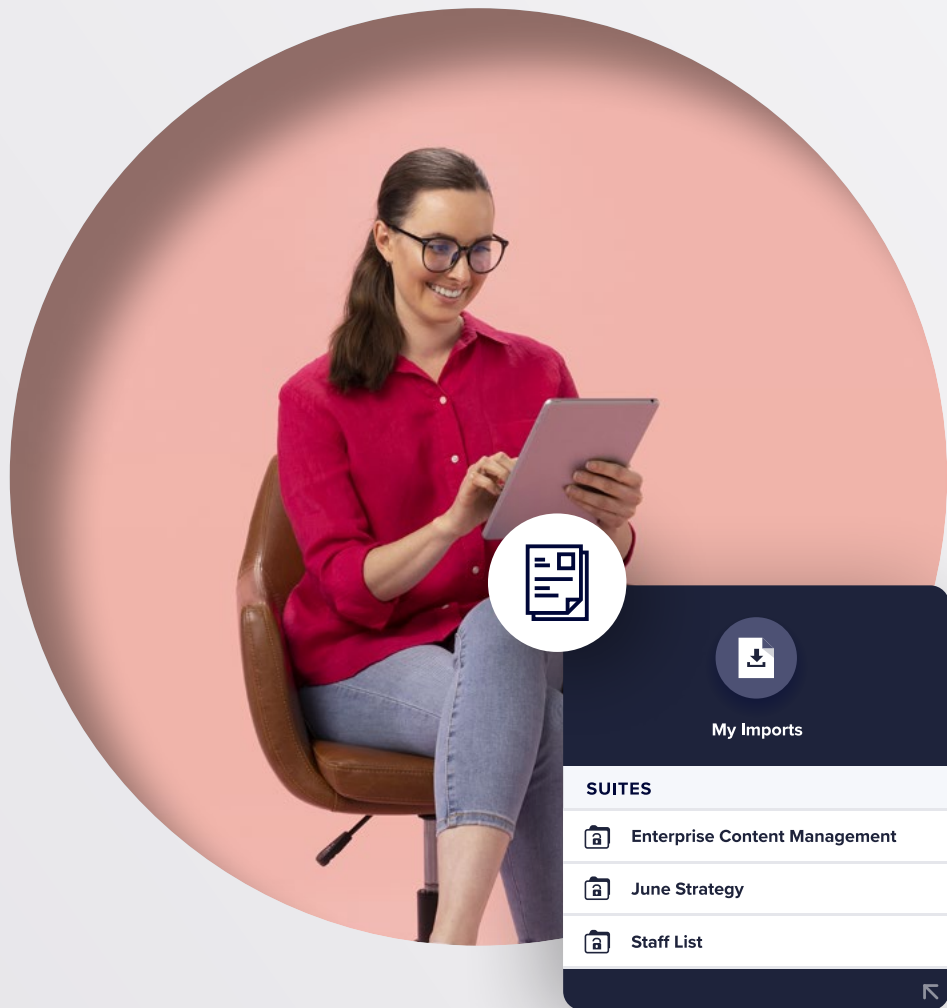

Incorporate a risk management approach and make informed, evidence-based asset investment decisions that are prioritised based on asset criticality and risk.

Optimised treatment planning

Predict facilities maintenance costs and treatments required to achieve required level of service.

Revaluations

Determine remaining life of facilities by applying degradation patterns at a component level and perform revaluations based on unit rates.

ONEEDUCATION

Document and records management

Attachment management

Automatically capture and store any type of document or attachment and improve access to information across the organisation.

Document management

Integrate every record and information asset across your institution with a unified content management solution that enables instant searchability, organisation-wide collaboration and industry-standard compliance.

Retention and disposal

Automate the retention and disposal of records and documents and comply with government-level records management standards.

Meetings

Streamline the capture and distribution of meeting and agenda documents.

Microsoft 365 integration

Enable employees to continue to use the applications they are familiar with via Microsoft 365 integration.

ONEEDUCATION

Spatial management

GIS integration

Transform data into maps and turn insight into action, with integrated GIS and embedded mapping. Gain a new perspective on your properties, assets and infrastructure to better visualise and deeply understand complex information.

Empower more users to interact with your information and drive decisions and deploy spatial information to the general public.

Web-based spatial viewing

Provide web based access to spatial information for the workforce and customers in an easy-to-use but powerful spatial viewing platform.

Solution enablers

Business analytics

Analyse operational and strategic information and present this in reports and dashboards using a range of visualisation tools such as charts, tables, word clouds, slicers, media and more.

Business process automation

Build best practice into your everyday processes. Automate simple tasks and sophisticated processes with customisable clocks, workflows and approvals.

Digital forms

Create, streamline and automate the collection of information from suppliers, students, employees and other stakeholders with integrated forms.

Interactions and correspondence

Create a 360-degree view of all student interactions. Simplify your communications with powerful interactions tools that links each correspondence to a student.

Digital branding

Standardise digital stationery across your business to produce recruitment letters and statements seamlessly.

Portals

Provide self-service capabilities for students, academics and staff to access real-time information from anywhere, at any time.

Consulting services

From implementation to transformation, get the consulting services and support you need to ensure continued success.

Work shoulder-to-shoulder with experienced consultants who are aligned to your industry and have instant access to the latest TechnologyOne software. Our consulting team has a proven implementation methodology and track record of project delivery,

ensuring a seamless onboarding experience in the lead up to 'go live'—so you can confidently take control of your solution.

Access ongoing consulting services to operate, maintain and optimise your solution. Our Application Managed Services (AMS) team will assign you with a dedicated Service Delivery Manager so you can keep pace with enhancements and leverage a best practice approach.

Support

Access self-help options, collaborate with others, find answers to questions and manage your support cases in our online Customer Community. Our global support teams take a

collaborative approach to ensure your success, engaging with you through multiple channels to ensure you receive an exceptional support experience.

Training and resources

Gain the knowledge to succeed and work more efficiently in your day-to-day role. Led by our expert consultants, our training courses will teach you new skills and helpful

tips and tricks. You can also access hundreds of online resources via the TechnologyOne University, so you can learn at your own pace.

THE TECHNOLOGYONE difference

Power of One

**One vision. One vendor.
One code-line. One experience.**

Making life simple is at the heart of what we do. We take complete responsibility for building, marketing, selling, implementing, supporting and running our enterprise solutions to guarantee your long-term success.

THE TECHNOLOGYONE difference

SaaS Platform

Security. Reliability. Accessibility.

We've spent hundreds of millions of dollars building the world's most trusted SaaS ERP solution that's secure, reliable and efficient. Our multi-tenanted SaaS solution has deep layers of security and the highest level of certification at every layer.

THE TECHNOLOGYONE **difference**

Our people

Dedicated passionate individuals.

As the creators of our software, no one knows it like we do. When you partner with TechnologyOne you benefit from a direct relationship with us throughout every step of your journey - from implementation to transformation. Our trusted team of experts will partner with you to unlock the value of your technology investment and set your institution up for success.

About TechnologyOne

TechnologyOne (ASX: TNE) is Australia's largest enterprise software company and one of Australia's top 100 ASX-listed companies, with locations globally. We provide a global SaaS ERP solution that transforms business and makes life simple for our customers.
